Key C 4/4

Intro: F G C F G C

1. C G
A car full of collies, they're fluffy and jolly
 F C
And smell like a swamp when they're wet
 F C
A cup full of guppies won't fill up those puppies
 G
It leaves them hungry, you bet

2. A house full of hippos, they dance on their tiptoes
And break lots of toys when they're mad
A bowl full of goldfish won't satisfy their wish
 G C
It leaves them feeling real bad

Chorus: F G C F G C
 And we will waltz with the moon And play hide'n'seek with the stars
 F G C Am F G C F C F C
 Till the morning runs with the rising sun And nobody knows where we are

3. A carton of kitties, they're dressed in their pretties
And howl at the moon for their lunch
A creek full of streakers won't dampen their sneakers
It makes not a dent in that bunch

4. A dish full of duckies, they're wearing muck-luckies
And leave a down trail when they move
A crock full of crackers won't dry out those quackers
It leaves them with something to prove

Chorus

5. A gallon of gators, they're dressed in their waders
And send Morse code with their teeth
A churn of cheese doodles will bounce off their noodles
It leaves them quite hollow beneath

6. A park full of ponies all dance with their cronies
Tails high like a ship in full sail
A dish full of kippers won't trip up those tricksters
It just leaves them feeling quite pale

Chorus (last line) Nobody knows where we

Coda Nobody knows where we Nobody knows where we are
